

500 Women Scientists &  
Women in Science and Engineering

present

# Speed Mentoring!

A networking event for

## Women in Science

Wednesday, March 6th

3:00-5:00 PM

UCSB Library, Room 1312

**What is speed mentoring?** It's sort of like speed dating, but you are meeting potential mentors and protégées, allies and sources of information to help you make the most of your science career!

**Who will be there?** This event is open to undergraduates, graduates, post-docs, early-career and established professors, and career scientists. Come to meet fellow women in the greater Santa Barbara science community!

**How does it work?** Following opening introductions, we will divide into small rotating groups to discuss and take advantage of the experiences and wisdom of fellow women in science.

**How do I sign up?**

RSVP here: <https://tinyurl.com/y59euco3>
